At the same time with the summer closure beginning on July 16, reconstruction work will be started in NSZL. This is why the summer closure of National Széchényi Library will be longer this year than usual. The Library will be open again on Tuesday September 4, 2018.

Reconstruction work will begin on the territory of National Széchényi Library during the summer closure [2] starting on Monday July 16, 2018. This is why the summer closure of National Széchényi Library will be longer this year than usual. The Library will be open again on September 4, 2018.

During the summer closure, we recommend you to visit our thematic sites [3], the Hungarian Electronic Library [4] and NSZL's social network site [5] for interesting content to read.

Looking forward to seeing you again in the Library on Tuesday September 4, 2018!
